BUFFING TOP

Pigmented using organic powder color coating methods that will not delaminate over time.
Sealed with specially formulated polymer agent that bonds pigments into the rubber.

EPDM TOP

EPDM granules are used to create options from bright solids to special blends for specific color themes. Mixtures includes a vibrant 90% EPDM/40%black mesh for standout solids, a 50/50 mix with black mesh, and mixtures with up to 3 EPDM colors. Ask your rep about specific blends to cover your space needs.
