

Marlboro Wooden Garden Bench - 5 Ft. or 6 Ft.

Model: 472 or 473

Manufactured from central Pennsylvania, this Marlboro Wooden Garden Bench is handcrafted with care and precision. Constructed out of heavy-duty, natural yellow pine or even more robust western red cedar, for long-lasting service, both indoors and outdoors. To preserve the integrity and beauty of the wood, a Natural-Kote soy-based stain is added to the surface, protecting it from rain and other outdoor elements. Yellow pine has a paint option instead of stained for a strong vibrant color with acrylic exterior paint for a strong appearance, however, this is only recommended if the bench is going to be placed under cover, such as a pavilion or a canopy. Opt to make your bench even more comfortable by adding a commercial-grade Sundown Agora fabric cushion from our selection for a stylish, long-lasting investment. Ships knocked down for reduced shipping costs and will need to be assembled.
